I checked in with Tony Stamper of Oil Mop this morning. OMI did an HHW curbside and staging area collection this weekend funded by TCEQ for the City of West. They are packaging waste today but will still receive waste while they are there. One of the large waste companies was very active in the affected area this weekend removing a lot of debris with the help of ~ 100 volunteers. It seems like the FEMA funding really helped get the waste disposal moving in the right direction. I thought all of you would like to know. Thanks, Jeff
